HEAD EXPANDER

DynaLabs

DYN-PM-100-HE

The PM-100-HE Head Expander is designed for the PM-100 shaker, providing an extended mounting surface to accommodate larger test objects directly on the shaker platform.

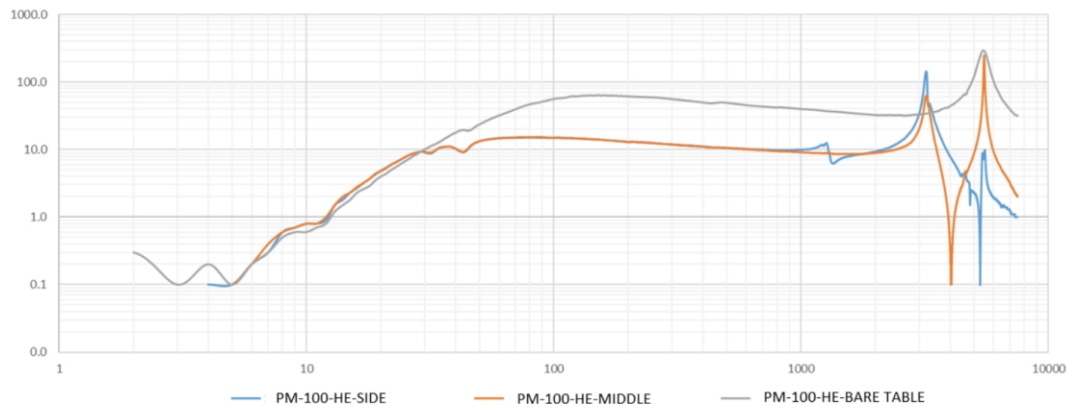

Made from Aluminum 6061, it offers a high strength-to-weight ratio and weighs 0.6 kg. The surface is treated with passivation and electrostatic paint, enhancing durability. These features expand the shaker's testing capabilities, enabling use in a wider range of applications.

Notes

- Material: Aluminum 6061
- Mass: 0.592 kg
- Passivation and electrostatic paint is applied to the surface of the head expander
- All dimensions in mm
